## How to Get Started

Once you have completed the self-registration process for your Personal Financial Website, you will
receive a Website Registration Confirmation email. Using your smartphone, access your email and
click on the SIGN IN link provided. Before logging in, add or save the link to your smartphone's
Home screen.

 The first time you access your Personal Financial Website on your mobile device, you will enter the same Username, Password, and Passcode verification you enter on your desktop. After this initial login, you will be prompted to register your device and create a 4-digit Passcode for easier access in the future.
